Strategic Opportunity for PPZ

By collaborating with ZakatGo, PPZ can access a complementary demographic that may not be fully engaged through traditional channels, particularly younger, tech-savvy, higher-income Muslims - significantly expanding PPZ's overall reach.

Characteristic	ZakatGo Users	Traditional Channels	Collaboration Benefit
Income Level	Higher (85/100)	Moderate (65/100)	Access to higher-income zakat payers
Zakat Knowledge	Good (78/100)	Basic (45/100)	Educational opportunities
Tech Adoption	Very High (92/100)	Low (30/100)	Digital reach expansion
Urban Residence	Urban (80/100)	Mixed (40/100)	Urban market penetration
Education Level	Higher (75/100)	Mixed (55/100)	Access to educated professionals
Age (Younger)	Younger (65/100)	Older (45/100)	Next generation engagement

PPZ Benefit:

This data demonstrates how ZakatGo and PPZ can create a truly comprehensive zakat ecosystem - PPZ maintains its traditional authority and reach while expanding into digital channels through ZakatGo's platform, potentially increasing total zakat collection.

Strategic Partnership Potential

A partnership between PPZ and ZakatGo creates a powerful dual-channel approach to zakat collection, combining PPZ's traditional authority with ZakatGo's digital innovation to maximize zakat collection while ensuring full Shariah compliance and transparency.
